

How to Restrict Users from Viewing Selling Price

Overview:

QNE Optimum allows restriction in terms of viewing selling price. This is common, especially for users in the warehouse that are allowed only to receive and record items.

Procedure:

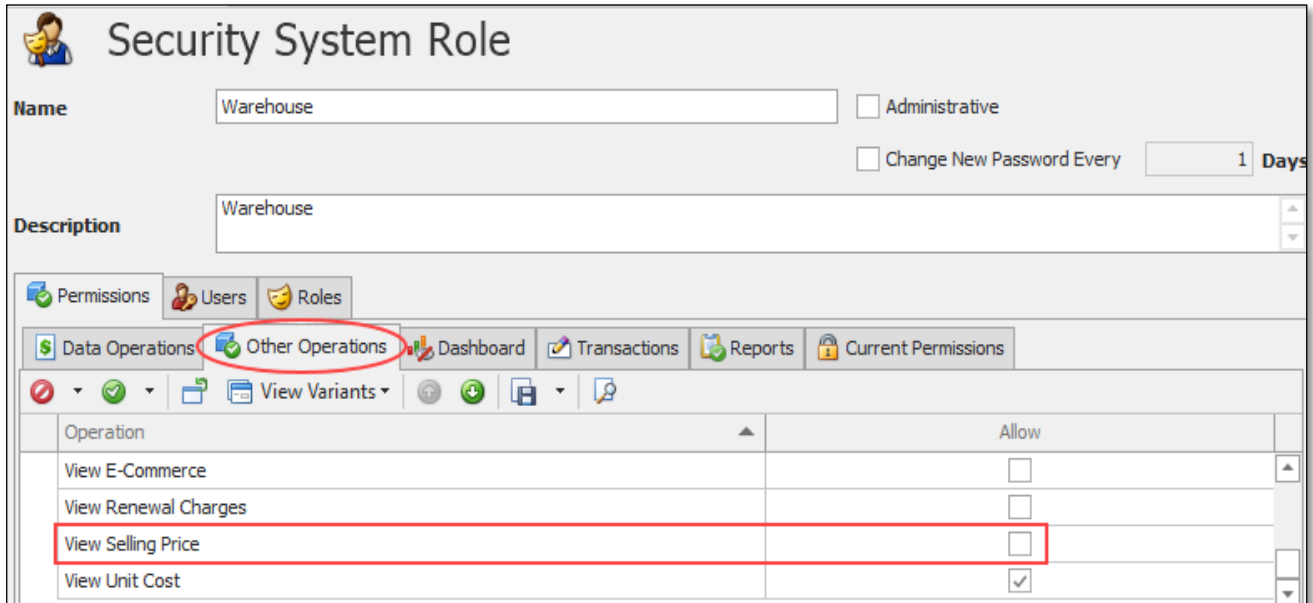

1. Go to *Maintenance > User Roles*. Double-click the System Role (e.g. Warehouse) that the users belong to or are assigned to.

The screenshot shows the QNE Optimum software interface. The 'Maintenance' menu is highlighted in the top navigation bar. Below it, the 'User Roles' icon is highlighted in the 'Default' section. The 'Security System Role' window is open, displaying a table of roles. The 'Warehouse' role is highlighted in the table.

Name	Description
Administrator	System predefined role with full access
Default	System predefined role with minimum required permissions
Manager	Manager
Purchase	Purchase Department
Sales	Sales Department
Warehouse	Warehouse

2. Under the 'Other Operations' tab, untick the checkbox for *View Selling Price* and Save.

Security System Role

Name Warehouse ☐ Administrative

☐ Change New Password Every 1 Days

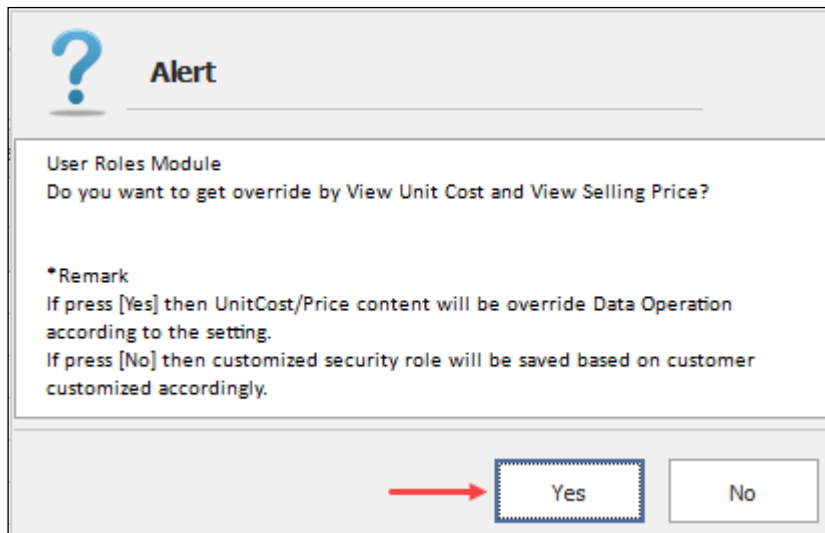

Description Warehouse

Data Operations **Other Operations** Dashboard Transactions Reports Current Permissions

Operation	Allow
View E-Commerce	<input type="checkbox"/>
View Renewal Charges	<input type="checkbox"/>
View Selling Price	<input type="checkbox"/>
View Unit Cost	<input checked="" type="checkbox"/>

3. Click 'Yes' on this prompt dialog box.

Alert

User Roles Module
Do you want to get override by View Unit Cost and View Selling Price?

*Remark
If press [Yes] then UnitCost/Price content will be override Data Operation according to the setting.
If press [No] then customized security role will be saved based on customer customized accordingly.

Yes No

4. For the changes to take effect, get the users to log out and log back in.

Application:

'Protected Content' shall be displayed for Selling Price, and other related amounts, in the Report and Transaction Form (e.g. Delivery Order).
